Doc. 99-25

Dear members,

I was very happy to see that small radio stations can now have a chance. The proposed rules (Docket Number: MM Docket 99-25) would allow non-commercial as well as commercial radio to have a voice at low wattage. This is a badly needed ruling.

The cultural benefits—music, information, local news and events calendars would be a boon for communities. It could be a forum for poetry, stories and various artistic outlets.

Please work hard to make sure that this rule is passed.

Thank You,

Emmra Czupato
